ACTION REQUESTED

Approve Instructional Materials and Textbook Sufficiency and Insufficiency and approve Resolution No. 9-2024-2025 - A Resolution Affirming Sufficient Textbooks and Instructional Materials for 2024-2025.

BACKGROUND INFORMATION

California Education Code 60119 requires Local Educational Agencies (LEAs) receiving state instructional materials funds to hold annual public hearings and approve resolutions certifying that all pupils have sufficient, standards-aligned textbooks or instructional materials in specified subjects. This certification must occur before the eighth week of the school year.

Sufficiency means each pupil, including English learners, has individual access to these materials for both in-class and home use. 'Class sets' are inadequate. Digital materials are acceptable if all pupils in a class or course can access and use them in school and at home.
