

DATE: September 21, 2022
TO: Board of Education
FROM: Mrs. Carmen Ghysels, Superintendent Chief Learning Officer
SUBJECT: Approve Resolution No. 7-2022-2023 Adopting the Gann Limit
PRESENTED BY: Todd Rivera, Executive Director of Business Services

ACTION REQUESTED

Approve Resolution No. 7-2022-2023 Adopting the Gann Limit

BACKGROUND INFORMATION

In 1979, Proposition 4 limited the growth in government spending to be no faster than the growth in population and inflation. This limit, which became known as Gann Appropriations Limits or simply Gann Limits, applies not only to the State of California, but also to cities, counties, special districts, school districts, and county offices of education. By calculation, school districts and county offices of education are exactly at their Gann Limit. If a school agency were over its Gann Limit, that agency may adopt a resolution increasing its Gann Limit by the amount needed and inform the State of California (ref. Government Code Section 7902.1).

The Gann Limit calculation applies an inflation factor and student population adjustment to the prior year appropriations limit. Due to increased property taxes and local revenue receipts, our 2021-2022 appropriations calculation actually exceeds the preliminary appropriation limit calculation by \$2,930,235.25. The attached resolution will approve this revised calculation; however, we are required to notify the State Department of Finance of this increase.
