ACTION REQUESTED

First Read of Proposed Revision to Board Policy and Administrative Regulation 5142 Safety

BACKGROUND INFORMATION

Policy updated to reflect **NEW LAW (P.L. 117-159)** which requires the creation of a Federal Clearinghouse on School Safety Evidence-Based Practices to serve as a federal resource to identify and publish online practices and recommendations to improve school safety, and include that the district regularly review current guidance regarding cybersecurity and digital media awareness and incorporate recommended practices into the district's processes and procedures related to the protection of the district's network infrastructure and the monitoring and response to suspicious and/or threatening digital media content.

Regulation updated to reflect **NEW LAW (SB 906, 2022)** which requires certificated and classified employees of the district, and other school officials such as Governing Board members, whose duties bring the employee or other school official in contact on a regular basis with students in any of grades 6-12, as part of a middle school or high school, who are alerted to or observe any threat or perceived threat of a homicidal act, to immediately report the threat or perceived threat to law enforcement, and add language regarding staff responsibilities and training to align with requirement to report potential homicidal acts. Regulation also updated to add language that anyone who receives or learns of a health or safety threat related to school or a school activity is encouraged to report the threat to a school or district administrator, reflect **NEW LAW (AB 2028, 2022)** which authorizes the Board of an elementary, intermediate, junior high, or high school to assist local law enforcement, nonprofit associations or organizations such as the Girls Scouts, Boys Scouts, and parent-teacher associations, and public agencies that provide safety instruction related to using electric, motorized, or nonmotorized bicycles and scooters, to provide such safety instruction to district students, and **NEW LAW (AB 1946, 2022)** which requires the Department of the California Highway Patrol to develop, and post on its web site, by September 1, 2023, statewide safety and training programs based on evidence-based practices for users of electric bicycles, including general riding safety, emergency maneuver skills, rules of the road, and laws pertaining to electric bicycles.
