Course Description:

This course is developed to prepare students to take and pass the four tests required to earn a GED. These tests are:

- Language Arts
- Mathematics
- Science
- History

Per the CDE (cde.ca.gov/ta/tg/gd/), adults eighteen years of age or older may take the GED exams. In some circumstances, 17-year-olds may take the GED exam, however, this course is provided through WIOA II and CAEP grant funding, both of which require that funds be used for adults eighteen years of age or older.

Goals: (Expected performance outcomes for students)

- Students will understand Basic Math, Geometry, Basic Algebra, and Graphs & Functions in order to pass the Mathematical Reasoning GED test
- Students will understand Reading for Meaning, Identifying and Creating Arguments, and Grammar & Language in order to pass the Reasoning Through Language Arts GED test
- Students will understand Reading for Meaning in Social Studies, Analysing Historical Events and Arguments in Social Studies, and Using Numbers and Graphs in Social Studies in order to pass the Social Studies GED test
- Students will understand Reading for Meaning in Science, Designing and Interpreting Science Experiments, and Using Numbers and Graphics in Science in order to pass the Science GED test

Evaluation:

This is a not-for credit course intended to prepare students to take and pass all four GED exams. Informal and formative assessment is integrated throughout the course. Take and passing each GED exam serves as the summative evaluation.
