Mr. Beck:

BusWest is submitting a one (1) year extension to the Hemet Unified School District bid# 061719 for school buses per item number 35 of the Instructions and Conditions of the bid document. These price adjustments, for each of the base bid prices for the approved optional items for the 81, 25 and 19+1 passenger school buses, are necessary because of the increased costs that have been passed on us by the manufacturer, Thomas Built Buses.

19+1 passenger bus, Minotour, base bid price by \$8,837 to \$83,730.00
25 passenger bus, C2, base bid price by \$21,061 to \$156,785.00
81 passenger bus, HDX, base bid price by \$25,644 to \$216,446.00

Thank you for considering our requests.

A person, firm, or corporation who has submitted a sub-Bid to a bidder, or who has quoted prices on materials to a bidder, is not thereby disqualified from submitting a sub-Bid or quoting prices to other bidders. Reasonable ground for believing that any bidder is interested in more than one Bid for the same work will cause the rejection of all Bids for the work in which a bidder is interested.

Bidders may file a bid protest with the Director of Purchasing before award of contract to any vendor. The bidder must include in their protest a detailed explanation of the protest, proof that such protest is valid, supporting documentation as to why the protest should be reviewed, and the action that the

vendor feels should be taken. Bid protests must be received no later than five (5) calendar days after the bid opening. The District will review all documentation received from the vendor filing the protest and make a decision on the validity of the protest. The District's decision shall be final.

Any bidder submitting a Bid Proposal may file a protest of the district's intent to award the Contract provided that each and all of the following conditions are met:

1. The protest must be submitted in writing to the district (email is not acceptable) before 4 p.m. of the fifth business day following bid opening.
2. The initial protest document must contain a complete statement of any and all Basis for the protest, including without limitation all facts, supporting documentation, legal authorities and argument in support of the grounds for the bid protest; any matters not set forth in the written bid protest shall be deemed waived. All factual contentions must be supported by competent, admissible and creditable evidence.
3. The protest must refer to the specific portions of all documents which form the basis for the protest.
4. The protest must include the name, address and telephone number of the person representing the protesting party.
5. Any bid protest not conforming to the foregoing shall be rejected by the district as invalid. Provided that a bid protest is filed in strict conformity with the foregoing, the district's Assistant Superintendent, Business Services, or such individual(s) as may be designated by him/her, shall review and evaluate the basis of the bid protest. Either the district's Assistant Superintendent, Business Services or other individual designated by him/her shall provide the bidder submitting the bid protest with a written statement concurring with or denying the bid protest within 30 working days. The Superintendent or designee may also convene a meeting with the bidder in order to attempt to resolve the problem.
6. The district's Board will render a final determination and disposition of a bid protest by taking action to adopt, modify or reject the disposition of a bid award as reflected in the written statement of the Assistant Superintendent, Business Services or his/her designee. Action by the district's Board relative to a bid award shall be final and not subject to appeal or reconsideration by the district, any employee or officer of the district or the district's Board.
7. The rendition of a written statement by the Assistant Superintendent, Business Services (or his/her designee) and action by the district's Board to adopt, modify or reject the disposition of the bid award reflected in such written statement shall be express conditions precedent to the institution of any legal or equitable proceedings relative to the bidding process, the district's intent to award the Contract, the district's disposition of any bid protest or the

district's decision to reject all Bids.

8. The procedure and time limits set forth in this paragraph are mandatory and are the Bidder's sole and exclusive remedy in the event of bid protest. Failure to comply with these procedures shall constitute a waiver of any right to further pursue the bid protest, including filing a Government Code Claim or legal proceedings.

12. OPTIONS

There are optional items included with this bid. Vendors are required to include a price for the option and a minimum quantity, if necessary. It is mandatory that vendors must bid on the optional items listed. If your company does not provide a specific option, vendors are required to place an "No Bid" in the box next to the item or provide an alternative product that meets or exceeds the specifications requested. It is the responsibility of the vendor to prove equivalency of the product.

13. EQUAL PRODUCTS

The use of a name or part numbers of a manufacturer, or any special brand or make, in describing a product does not restrict bidders to that manufacturer or specific product. An equal of the named product will always be given due consideration. The "or equal" product must be equal or better in quality, utility and all other requirements to the manufacturers or brands the District has specified. Bidders must note the product on their bids and provide sufficient evidence proving equivalency to the District. If a make, brand or manufacturer is not stated, it is understood that the specific product has been bid on. Each bidder must prove equivalency to the District by providing specifications, testing data, strength tests, engine tests etc. of their product. A brochure or letter does not satisfy proof of equivalency.

14. EVIDENCE OF RESPONSIBILITY

Upon the request of the District, a bidder shall submit promptly to the District or its designee, satisfactory evidence showing the bidder's financial resources, the bidder's experience in performing the type of contract required by the District, the bidder's organization available for the performance of the contract, and any other required evidence of the bidder's qualifications to perform the proposed contract. The District may consider such evidence before making its decision awarding the proposed contract. Failure to submit evidence of the bidder's responsibility to perform the proposed contract may result in rejection of the bid.

15. QUESTIONS

All questions regarding specifications will be addressed to Mr. Michael Fogerty, Director of Transportation at mfogerty@hemetUSD.org. All questions regarding the bid, documents, discrepancies, omissions, or interpretation shall be submitted by **email only** to Andy McGuire, Director of Purchasing at amcguire@hemetUSD.org. No questions will be received after June 26, 2019.

16. ERRORS AND CORRECTIONS

No erasures permitted. Mistakes may be crossed out and corrections made adjacent but must be initialed in ink by person signing bid. Verify your bids before submission as they cannot be withdrawn or corrected after being opened.

17. SUBSTITUTIONS AND SAMPLES

All items bid must conform to the specifications set forth in these bid documents. The District reserves the right to reject all bids that do not conform to the specifications. When bidding on brands other than those specified, the Bidder must state on the bid the brand, quality, model number, or other trade designation on each item bid other than "as specified". See the attached documents for requirements regarding samples and/or detailed specification sheets. At a minimum, descriptive technical literature fully describing the claimed "or equal" product must be attached to the bid. Suitability and valuation of "equals" rests in the sole discretion of the District. Where samples are requested they must be furnished free. Samples will be returned at bidder's expense provided a request accompanies the samples and provided further that samples are not destroyed by tests.

18. SALES TAX

Do not include California State Sales or Use Taxes in unit prices. Do not include or add Federal Excise Tax as the District is exempt. The local Hemet Sales Tax is enumerated separately on bid form. Agencies adopting the piggyback option of this bid should defer to their own local tax rate.

19. FAILURE TO BID

If you do not bid on any line item, please mark "no bid" in the space provided and sign it and return the bid, otherwise your name may be removed from the bidder's list.

20. ACCEPTANCE OF BIDS

Awards will be made on a unit and line item basis unless otherwise specified on bid form. The right is reserved to reject any or all bids and to accept or reject any line items thereon and to make any combination of line item awards. Bids may be rejected on grounds of non-responsiveness or non-responsibility. Bids are subject to acceptance at any time within Ninety (90) days after opening of same unless otherwise stipulated.

21. PATENTS, ETC.

The vendor shall hold the Hemet Unified School District, its officers, agents, servants, and employees harmless and free from liability of any nature or kind on account of use (by publisher, manufacturer, or author) of any copyrighted or non-copyrighted composition, secret process, patented invention, article or appliance furnished or used under this bid.

22. CONTRACT DOCUMENTS, EXAMINATION OF

It is the responsibility of the Bidder to carefully and thoroughly examine and be familiar with legal and procedural documents, general conditions, all bid forms,

specifications, drawings, plans, and addenda (if any), hereinafter referred to as Contract Documents. Bidder shall satisfy himself as to the character, quantity, and quality of work to be performed and materials, labor, supervision, equipment and appurtenances necessary to perform the work as specified by the Contract Documents. The failure or neglect of the Bidder to examine the Contract Documents shall in no way relieve him from any obligations with respect to the bid or contract. The submission of a bid shall constitute an acknowledgment upon which the Hemet Unified School District may rely that the bidder has thoroughly examined and is familiar with the contract documents. The failure or neglect of a bidder to receive or examine any of the contract documents shall in no way relieve the bidder from any obligations with respect to the bid. No claim will be allowed for additional compensation that is based upon a lack of knowledge of any bid document.

23. FAILURE TO FULFILL CONTRACT

When any contractor or vendor shall fail to deliver any article or service or shall deliver any article or service which does not conform to the specifications, the District may, at its sole discretion, annul and set aside the contract entered into with said vendor or contractor, either in whole or in part, and make and enter into a new contract for the same items in such manner as seems to the Governing Board to be to the best advantage of the Hemet Unified School District. Any failure for furnishing such articles or services by reason of the failure of the vendor or contractor, as above stated, shall be a liability against such vendor and his sureties. The Governing Board reserves the right to cancel any articles or services which the successful bidder may be unable to furnish because of economic conditions, governmental regulations or other similar causes beyond the control of the bidder provided satisfactory proof is furnished to the Governing Board, if requested.

24. BID SIGNATURES

All bids must show the firm name and must be signed by a responsible officer or employee fully authorized to bind the organization to the terms and conditions herein. Obligations assumed by such signature must be fulfilled.

25. REJECTION OF BIDS, WAIVER OF INFORMALITIES

The Hemet Unified School District reserves the right to reject any or all bids or any part of a bid and to waive any irregularities or informalities in the bid or bidding process.

26. REGISTRATION OF VEHICLES

All school buses shall be registered California Exempt in the name of the District. The vendor shall register all school buses at no additional charge to the District prior to delivery of the buses. If the buses are delivered to the District unregistered, the District reserves the right to not accept the school buses when delivered.

27. NON-COLLUSION AFFIDAVIT

Bidders are required to submit a Non-Collusion Affidavit with their bids. Failure to submit a Non-Collusion Affidavit with your bid may result in disqualification of the bid.

28. CANCELLATION FOR INSUFFICIENT OR NON-APPROPRIATED FUNDS

The bidder hereby agrees and acknowledges that monies utilized by the District to purchase the items bid is public money appropriated by the State of California or acquired by the District from similar public sources and is subject to variation. The District fully reserves the right to cancel this bid at any time and/or to limit quantities of items due to non-availability or non-appropriation of sufficient funds.

29. SELL OR ASSIGN

The successful bidder shall not have the right to sell, assign, or transfer any rights or duties under this contract without the specific written consent of the Hemet Unified School District.

30. DELIVERY

Actual delivery of the school buses shall be coordinated with the District or contractor designated by the District but shall not exceed six (6) months unless negotiated with the bus vendor. The District, as a matter of bid non-responsiveness, shall reject all bids (regardless of price) that fail to indicate ability to deliver the product within the required time. Give careful attention to Delivery Dates included in the Specifications or Bid Sheets. Upon award of bid, supplier shall keep sufficient stocks of product and service material to insure prompt delivery and service schedules. There will be no additional charge for delivery of the school bus or buses to the District.

31. PAYMENT

Prompt payment for equipment may be requested after actual delivery of goods to the required destination. Payment for service contracts may be invoiced per the conditions set forth and agreed to in the service agreement.

32. STANDARD COMMERCIAL USE (Products Only)

The vendor, whether manufacturer, supplier, distributor or retailer, hereby certifies that the products offered under this bid have been placed in regular commercial use for a period of at least three (3) years and that adequate spare parts exist in the marketplace for the items sold. Submit all requests for deviations to this clause as an "or equal" deviation.

33. HOLD HARMLESS

The vendor shall save, defend, hold harmless and indemnify the District against any and all liability, claim, and costs of whatsoever kind and nature for injury to or death of any person and for loss or damage to any property occurring in connection with or in any way incident to or arising out of the occupancy, use, service, operations, or performance under the terms of this contract, resulting in whole or in part from the negligent acts or omissions of vendor, and subcontractor, or any employee, agent, or representative of vendor and/or subcontractor.

34. CASH DISCOUNTS

If a bidder offers a cash discount (term of payment) of thirty (30) days or more, it may be considered in determining the low net bid for the purpose of making award, but not guaranteed as a basis for award, and such discount will be deducted from

the final payment if the term of payment is met. Cash discounts of less than thirty (30) days will not be used in determining low net bid in making award. A discount of 10th Prox, is not considered equal to thirty (30) days.

35. PRICING - TERM OF CONTRACT

Quoted prices must stay in effect for one (1) year after award of bid and may be extended upon mutual consent of District and vendor during that year per Education Code, Sections 17596 (K-12) and 81644 (Community Colleges). In the event of a general price decrease the District reserves the right to revoke the bid award unless the decrease is passed on to the District. In the event of a general price increase or change to options offered, the bus vendor must notify the District in writing of the increases and changes. For price increases, the bus vendor must provide manufacturer documentation of such increases. The District will only approve the price increases and option changes upon award of such changes by the District's Governing Board. The initial term of this agreement will be for one (1) year, but may be extended an additional six (6) years providing approval of such extension by the District's Governing Board. All terms of the agreement will remain in force for the duration of the agreement.

36. TERMINATION

The District may terminate this contract at any time for any reason with 30 days notice to the vendor. Because the Hemet Unified School District terminates the contract, this does not preclude the vendor from meeting obligations to another school district that has entered into a contract with the vendor utilizing the piggyback clause.

37. NO MINIMUM OR MAXIMUM QUANTITIES, ORDER CHARGES, OR LIMITATIONS UPON NUMBER OF ORDERS

The District anticipates contract term requirements for the school buses as listed in the quantities shown on the bid form. The District, however, does not guarantee orders in these amounts nor shall the District be required to limit its orders to only those figures. This is an indefinite-quantity bid. Bidders shall not specify minimum or maximum quantities or charges for specific order types. Unlimited orders within the term of the contract shall be allowed to the awarding district at prices quoted.
