Yes. We will grow the library for the preschool so that future 5th grade buddies will have access to these books and the 5th graders will all get a book or two to take home to build their at-home libraries and to thank them for supporting literacy.

Here is a rough budget for books for the 5th grade reading buddies.

We would use the money from TTR to build a preschool library for the 5th graders to read during the 5th grade reading time (1x a week rotating the three 5th grade classes). We would purchase books for the 5th graders to take home for themselves to thank them for supporting literacy with our littlest learners. If you have any questions please let me know.

Thank you for this consideration
